

The competition is promoted under the generic name:
CHALLENGES OF MARGINAL HABITAT IN THE CONTEMPORARY SOUTHERN GLOBE: RESILIENT COMMUNITIES
the competition consists of three different themes.

OBJECTIVES OF CONTEST FOR ALL ≡ THREE THEMES

Submit proposals that compete for the solution of three real problems of the Ecuadorian popular habitat. Which are:

for item 1, human settlements in mangrove ecosystems in the *Gulf of Guayaquil*; for item 2, the settlements located in areas of vulnerability and risk in the vicinity of the *Tungurahua Volcano*; and item 3, housing solutions in marginal urban settlements with precarious levels in *Guayaquil's Estero Salado*.

ORGANIZING INSTITUTIONS ≡

The Ministry of Urban Development and Housing MIDUVI Ecuador is the sponsoring institution, while the Ecuadorian Architect Association Pichincha Province CAE-P is the advisory institution which is executing the competition.

CONTEST ≡ TYPE

International Academic Competition, which has one stage with three themes to be held online on the website: www.rumboahabitat3.ec/ciuhabitat.

The CIUHABITAT Competition Committee will have a Jury of 5 national and international members, 2 national and 3 foreign for each theme of the competition.

WHO CAN PARTICIPATE? ≡

The academic community through universities around the world that have colleges or schools of Architecture, Planning, Design, Urban Planning, Geography, and other fields related to the issues of competition. These institutions can participate though their faculty that lead interdisciplinary teams made up of students who should be in the final two years of their majors.
