

FLUX SUSTAINABLE ARCHITECTURE @SCALE

How will the architecture, engineering and construction industry (AEC) meet the world's demand for **affordable and sustainable buildings** in a rapidly urbanizing world?

Flux is calling all students designing in **Grasshopper, Dynamo,** and **Excel** to enter our student design competition. Show us how you can use Flux to streamline your work, collaborate across platforms, and most importantly design sustainably.

Grasshopper

Excel

Dynamo

Winning entries will be featured on our webpage and receive **over \$15,000 in awards.**

Registration is open Nov 2 - Dec 31.
Register before Nov 15 to **win 1 of 4 \$50 Amazon gift cards.**
