

CPD Accredited | 2nd International Conference on

Smart Materials Congress 2020

SMART MATERIALS AND NANOTECHNOLOGY

May 25-26, 2020 | Amsterdam, Netherlands

Very Warm regards to all the participants to **Smart Materials Congress 2020** which is going to held on **May 25 – 26, 2020** at **Amsterdam, Netherlands** with a theme *“Unveiling the Advancements and Innovations in the Emerging Field of Smart Materials and Nanotechnology”*.

This Congress will explore the concepts of Emerging Smart Materials, Materials Science and Engineering, Applications of Nanotechnology, Smart Control Systems, Optical & Electronic Smart Materials, Smart Sensors, Nanolasers, Nanorobotics, Tissue Engineering, Green Nanotechnology.

It aims to assemble the Eminent Engineers, Researchers, Students and Industrialists across the world to meet and discuss the future and importance of Materials Science and engineering. And It's to exhibit their work and provide great experience with eminent people.

For more information on Conference Sessions: [Smart Materials Conference](http://smartmaterialscongress.alliedacademies.com/).

Warm Regards,

Emily Jackson | Program Manager,

Ph: +44 203 936 5566 – 7027/5081.
