12.FEB - 01.AUG

TAMAYOUZ INTERNATIONAL AWARD 2019
FOR GRADUATION PROJECTS

Image Courtesy of Yasmina Aslakhanova, Ivan Marchuk and Victoria Tsukerman - 2018 3rd prize winners
Tamayouz invites students of architecture, urban design, urban planning, architecture technology and landscape design worldwide to register and submit their graduation projects. Winners will be selected by an independent, international jury that will review all entries. Prizes include a **two year MSc Scholarship** to the Polytechnic University of Milan, 2 X travel scholarships to attend the annual ceremony and the international design workshop, as well as medals for Supervisor of the Year and University of the Year. **Winners of the first, second and third prizes, supervisor and university of the year, will be invited to attend the annual Tamayouz Excellence Award ceremony (incl. travel expenses via the travel scholarships).**
Tamayouz International Award 2019

For excellence in architecture, urban and landscape design graduation projects worldwide
Established in 2012, Tamayouz Excellence Award is an unaffiliated, independent initiative that aims to advance the profession of architecture academically and professionally. Tamayouz is dedicated to supporting aspirational and transformative projects that tackle local and global challenges and that are informed by a holistic understanding of context.
“I am delighted to be a judge of the Tamayouz Award. There is a new, invigorated ethos of worldwide collaboration within architecture; a truly collective research culture where many contributions and innovations feed into each other. Talents flourish in this global movement and the Tamayouz Award will further link Iraq’s architects with this international community.”

Dame Zaha Hadid, DBE - 2012
Chair of the 2010 Tamayouz Judging Panel
In 2016, Tamayouz Excellence Award launched the International Award for Graduation Projects. This award invites students of architecture, urban design and planning, landscape design and architecture technology around the world to submit their graduation projects.
Aims and Objectives
of Tamayouz International Award

A Platform
Tamayouz International Award offers participants the opportunity to network and collaborate with one another through its various events. It is also a platform for knowledge exchange and the sharing of experiences in design and its teaching methods.

Recognition
This award recognises excellence in graduation projects and showcases worldwide examples of architectural work. It also brings together projects from all over the world in one place.

Celebration
This award celebrates the achievements of young architects, giving them the confidence to pursue their careers while knowing that they can contribute to the advancements of architecture in their communities.

Empowerment
By recognising talent at an early stage in the participants’ career, and by giving them the opportunity to collaborate and support each other, this award empowers a generation of young architects.
Judging Panels

Tamayouz Excellence Award’s jury panel has always comprised world class architects, engineers, planners, designers and academics.
Sponsors

Current and former sponsors

Voluntary contributions sustain Tamayouz Excellence Award and affirm support for the excellence culture we strive for. Funding for Tamayouz Excellence Award comes from academic institutions, foundations and international organizations. A number of donor companies have made generous commitments to reach this objective. In 2015 a CSR Board (Corporate Social Responsibility) was established to further link Tamayouz to the community and industry.

Some of our current and former sponsors:

The Iraqi Business Council in Jordan,
Dewan Architects and Engineers,
Coventry University, The United Nations Global Compact - Iraq, Ayad Al Tuhafi Architects, Bonair Ltd, Makiya - Kufa Charity, Middle East Architect, IDP Coventry, Zaha Hadid Architects
Eligibility

You are eligible to participate if all of the following conditions apply:

- You (if participating as an individual) or your team members (if participating as a team) are expected to present your project to your school or graduate between **01/09/2018 and 31/08/2019**.
- Participants can submit work only done in their final year of studies, regardless of the project nature, programme, budget and scale (students can submit graduation projects or any other final year design project as long as it was produced in their final year of study).
- If a team/individual would like to submit more than one project, then each submission will need to be registered as a separate entry.
- If you participated in Tamayouz International Award’s previous year, you are not eligible to participate this year.
- If you graduated last year (01/09/2017 - 01/09/2018) and didn’t participate in the 2018 cycle, you are still eligible to participate.

*Finalists will be asked to provide Proof of their status as a final year student graduating during the specified period.
Regulations
Tamayouz International Award’s regulations and guidelines

- This is an anonymous competition and the **Unique Registration Number** is the only means of identification.
- The official language of the award is **English**.
- The registration fee is $30 Early (Until May) / $40 Regular (Until July) / $50 Last chance (July - Submission), and it is non-refundable.
- Contacting the jury is **prohibited**.
- Tamayouz Excellence Award, as the award organiser, reserves the right to modify the award schedule if deemed necessary.
- Entries will not be **reviewed** if any of the rules or submission requirements are not considered.
- Participants must submit their graduation projects using Tamayouz Templates **HERE**

Assessment Criteria for 2019

We are looking for aspirational and transformative projects that tackle local and global challenges and that are informed by a holistic understanding of context.

**RELEVANCE:** A declaration of conditions that set the contextual parameters of the proposal. Clarity of research process.

**RESPONSE:** Aspirational, transformative and original projects with a programmatic response to existing environmental, social conditions and local challenges. Clarity of design process.

**RESOLUTION:** A clearly declared architectural intent and design vision. Spatial, material and technical realisation.
REGISTRATION
Deadline for registration is 15/July/2019

Institutions
This option is open for institutions interested in sponsoring their students to participate in Tamayouz International Award. This type of registration is suitable for institutions interested in showcasing their students’ work on a global platform. Please contact us if you are a representative of your university or think your university might be interested in sponsoring its students to participate in Tamayouz International Award.

National Sponsors
If you or your organisation are interested in sponsoring the students of your country as part of a Corporate Social Responsibility programme to support the young graduates of your country, please contact us and we can discuss with you the benefits of such sponsorship. By becoming a National Sponsor it means you give the opportunity to all young architects in your country to participate in this international award.

Individuals and Teams
This option is open to individuals and teams whose universities are not listed as institutional sponsors, and there are no national sponsors from their country. A guide to registration for this option is on the following page.

*Since this is only the third year of the award, it is possible that neither your institution nor a country sponsor has sponsored the award. For this reason we advise you to register on your own.*
Due to the instability and difficult situation and the impossibility of making online payments, students studying at universities in Afghanistan, Libya, Palestine, Somalia, Sudan, Syria Venezuela and Yemen can register for free [Here](#). Also students with refugee status (proof needed) from any nationality are exempt from registration fees.
In 2018, 468 students from 118 universities and 74 countries participated in Tamayouz International, making it the largest annual graduation projects award in the world.

Exhibition and Presentations

Two public exhibitions were held in Amman, and the Top 10 winners presented their works to universities in Jordan.

Triplicity Architects - Honourable Mention 2017

H.E. Minister of Housing and Public works in Jordan, H.E Iraq’s Ambassador to Jordan and Executive Board of the Iraqi Business Council in Jordan visit the Exhibition

Head of Architecture at Cambridge University, Professor Wendy Pullan (judge) and the winners of the Rifat Chadirji Prize 2017
Tamayouz 2018 in Jordan

The ceremony was followed by a week long workshops at the University of Jordan and then everyone enjoyed some of Jordan’s fantastic touristic spots. The whole team, winners, judges and sponsors had a fantastic time in Jordan.
What do our winners say

Nipun Prabhakar - India
Third Prize - 2016

“It is true that we live many little lives in our one big lifetime. This trip was one of those little lives that I will cherish forever. People I met were the best in what they do and believe in. Inspiration will be an understatement for what they gave me. My time in Jordan changed my perspectives and gave me hope on how initiatives like Tamayouz can change the world through love and compassion.”

Ruaa Al Janabi - Iraq / UAE
Honourable Mention - 2016

“Being one of the winners is the beginning of an exciting journey that offers a once in a lifetime opportunity to make a difference not only as a young professional, but also as an Iraqi woman. Tamayouz was established to shed light on young architects. It has given me new ideas and a chance to get to know the best people who think in different inspiring ways that I will admire forever.”

Lucia Alonso - Spain
Honourable Mention - 2016

“Sometimes dreams come true, and this time, it was Tamayouz who made mine come true. Through this experience in Jordan, I discovered different visions. Everyone I met was interesting with their own unique and special spirit, which gave me an inspirational push for the future and a new way of looking at the world.”
